

Trim & Gutters

Scraping, priming, painting, and replacing rotten trim boards are things of the past. Let us move you from a maintenance cycle to a maintenance-free lifestyle. We replace any bad or rotten wood. Then we cover all of your trim boards with PVC coated trim coil and beautiful vinyl soffit in your eaves and porch ceilings. Maintain the architectural design of your home with our selection of dentil mouldings, window/door crossheads, and decorative gable vents. Give it a finishing touch with new seamless aluminum gutters and leaf-relief gutter protection system to ensure never having to clean out your gutters again.

Thank you for your attention to detail and professional work replacing the windows and wrapping the trim on my home. I was impressed with the crew's dedication to doing the work well and as specified. It is unusual to find people who take pride in their work, and it was refreshing to see that it still exists.

-Gibson G., Hampton

Professional workmanship counts!

It is our commitment of the highest level to help your home be the very best at an affordable price!

Welcome to Kelly's Construction, Inc.

We are currently working in your neighborhood and want to take a moment to introduce ourselves...

Since 1996, we have specialized in siding, windows, trim, and gutters in Hampton Roads. We are a strong local company and are committed to ensuring that every homeowner is 100% satisfied throughout the entire project. Our in-house, highly trained staff are courteous, knowledgeable, and deliver the highest quality job to each and every homeowner.

While any company's goal is to make a profit, our goal has always been to satisfy the customer. We consider our customers part of the Kelly's family. This focus has allowed us to grow large enough to stand behind every job we do and give you peace of mind should you need us in the future.

Thank you for such a wonderful experience. Our house looks fabulous, the construction crew was great, and your representative Justin made the entire project worry-free. We love our house!

Tammi R., Newport News

Siding

Transform the look of your home with new vinyl or fiber cement siding. New siding not only increases the value of your home, but can give your home a **bold** look with great curb appeal! Our maintenance-free products mean that you no longer deal with painting every 3-4 years. Simply sit back and enjoy the year-round beauty of your home.

WE ALSO OFFER:

- ✓ House wrap to waterproof your home
- ✓ Insulated siding to keep you comfortable and lower your energy bills year round

Windows

We don't like windows with cold drafts, fogged up glass, rotten wood, or old immovable sashes, and we don't think you should be stuck with that either. We can help insulate your home with our Energy Star rated vinyl replacement windows. Get protected with double strength glass, lifetime window and lifetime glass breakage warranties. We give you a complete job by replacing any bad or rotten wood and wrapping the exterior wood frames with PVC coated trim coil. We work *with* you to develop a comprehensive window package that meets your needs and gives you the results that you will love.
